## CITY TREASURY IS ABOUT EXHAUSTED

### Temporary Loan of $50,000 Must be Negotiated at an Early Day.

### CLOSE COLLECTIONS.

**Street and Sewer Work of Past Few Years Entailed Outlay of Quarter Million Dollars.**

On account of the extensive street improvements made in Alexandria during the past year the city treasury is exhausted and immediate steps must be taken by the authorities to secure a temporary loan of at least $50,000 to meet the current expenses of the city between now and next June when additional revenues will be received from the city taxes. This large deficit comes after an unusual effort on the part of Mayor Thomas A. Fisher to collect all the licenses for the present year and also despite the fact that practically all of the city taxes on real estate and personal property have been collected by P. F. Gorman, city tax collector.

It has been customary for some years for the city to have a small deficit at the end of each fiscal year which has been met by temporary loans from the local banks, but this is the first time in a great many years that the revenues have been so completely exhausted before the year is one half over.

The question of the loan will be considered at a meeting of the finance committee of the City Council at an early date. There will be no meeting of the City Council until October 7, when a resolution will, in all probability, be passed authorizing the finance committe to negotiate a temporary loan.

All of the public improvements in Alexandria, consisting of street and sewer work which have cost over $250,000 in the last five years, have been paid out of the annual revenues without recourse to bond issues.

In addition to the $50,000 necessary for to pay current expenses of the city for this fiscal year, an additional $50,000 will be required for the new high school building and the new engine house for the Relief Hook and Ladder Company.

### THE KISSING PREACHER.

**Richmond Ministers are Done With Francis.**

Richmond, Va., Sept. 23.—"Whenever one church suffers all churches suffer, and for this reason the ministerial Association of the Christian Churches of Richmond and vicinity greatly regret the recent sad occurrence in the Third Christian Church, of this city. So far as the Ministerial Association and the Third Christian Church are concerned, D. R. Francis is effectually disposed of and the incident is closed.

"We are now deeply concerned about helping the Third Christian Church undo the harm that Mr. Francis has done and in this effort we solicit the co-operation of the press and all right thinking people. The agitation that the deposed minister is keeping up will be continued as long as the public desires to be fed upon the morbid and sensational. Meanwhile, the Third Church will go steadily on with its great work with the sympathy and co-operation of every church in Richmond.''

The above was voiced yesterday afternoon as the united sentiment of all ministers taking part in the meeting of the Ministerial Association of the Christian Churches of Richmond and vicinity, which was held in the home of Rev. H. D. C. Maclachlan of the Seventh Street Christian Church. None of the several ministers present at the meeting evinced any desire to enter or be drawn into controversy with the Rev. Mr. Francis.

A purse of $100 was raised by the Third Christian Church and presented to W. L. Norman, a young man who had filled the pulpit of the church during the summer months. It is thought that the church will weather its present storm without loss of membership.

## NEWS OF THE DAY.

Fifty persons were killed when rebels dynamited a passenger train on the Mexican National Railway, 60 miles south of Saltillo, Mexico, Friday afternoon, according to official reports to Mexican federal headquarters in Nuevo Laredo. The train was then looted and the surviving passengers robbed, it is said. Forty federal soldiers and ten second-class passengers comprised the official death list. The number of injured was not given.

Governor William Sulzer must go to trial. This was decided by the high court of impeachment at Albany last night, when, by a vote of 51 to 1, its members overruled the motion of the governor's counsel to dismiss the proceedings on the ground that he was unconstitutionally impeached by the assembly, because that body was in extra session when the impeachment was brought.

Jacob Wolfsohn, who confessed to the murder of Anna Schumaker, at Rochester, N. Y., in 1909, in Philadelphia denied the truth of his confession, declaring that he had tired of life and had hoped to be sent to the electric chair.

Five men were literally blown to pieces yesterday and twenty others were more or less severely injured in an explosion at the Gibbstown, N. J. plant of the Du Pont Powder Company. The detonation severely shook Camden, sixteen miles away, and was distinctly felt in South Philadelphia and Paulsboro. The cause of the accident is unknown.

That the piece work system of paying plate printers' helpers will not be introduced, as proposed, in the Bureau of Engraving and Printing in Washington was announced by Director Joseph E. Ralph, of the bureau, following the meeting of protest against the adoption of this system, which was held by the girls of the Helpers' Union on Sunday.

Mariners yesterday ventured out of the harbor of Duluth, Minn., in the wake of a snow-laden gale which at times reached a velocity of 60 miles an hour, causing shipmasters to seek shelter behind islands and owners to cancel sailing orders. In Duluth the storm early yesterday blew 48 miles an hour, many windows being broken.

While driving a team of horses attached to a wagon which contained 1,000 pounds of dynamite, George Willis, of Wilkes-Barre, Pa., had an exciting experience yesterday when a swarm of yellow-jackets attacked the horses and they ran away. For 3 miles the team dragged the wagon, dynamite, and driver over a rough road. Willis realized that if he jumped the team and wagon would surely be blown to pieces, and he decided to take a chance and keep them in the road. Several times the wagon nearly upset and the dynamite was tossed about. The horses stopped when exhausted.

The Dutchess County, N .Y., grand jury yesterday declined absolutely to indict Harry K. Thaw, and requested permission to adjourn for two weeks. It is understood that the grand jury has been asked to find an indictment against Thaw on other charges than that of conspiracy, as Governor Felker, of New Hampshire, has signified a disinclination to grant extradition on the latter charge.

Brig. Gen. Charles Irving Wilson, U. S. A., died in New York yesterday. He was born in Washington, May 3, 1837, and was educated in the University of Virginia.

Louis Noel broke the world's aviation record for passenger carrying at Hendon, England. Noel was in the air for seventeen minutes and thirty-five seconds and carried seven passengers.

There was a big drop in temperature at Cumberland, Md., yesterday. In the mountains about Frostburg hail was followed by a snowstorm of some duration.

Mrs. Emma Gates, 58 years of age, was run down by an automobile on the Harrisburg, Pa., turnpike, near Emigsville last night and died within an hour from a fractured skull.

## ENJOINS LIQUOR SELLING AT FAIR

### Application for Injunction Filed in Henrico County Court.

### VIOLATES CHARTER ?

**Directors Say Same Old Questions Which Have Been Propounded Before Are Repeated.**

Richmond, Va., Sept. 23.—Asserting that the retail license granted the Virginia State Fair Association, Incorporated, in April, is absolutely void, and, that even if valid, the corporation, under its charter, has no authority to exercise that privelege, application for an injunction to restrain the corporation, its agents and employes from selling, or attempting to sell intoxicating liquors, was filed yesterday in the Henrico Corcuit Court by W. A. Willeroy, counsel for W. C. Smith and W. L. Wingfield, the complainants. Notice that depositions in the cause would be taken tomorrow morning, and that a petition asking for the revocation of the license would be presented on October 6, was served by Sheriff L. H. Kemp, of Henrico County, on Leigh R. Page, counsel for the Virginia State Fair Ascsociation, Incorporated. The application for the injunction is returnable before Judge R. Carter Scott, on Thursday morning.

The State of Virginia in its relation to W. C. Smith and W. L. Wingfield, is the complainant in the bill. Four reasons why the license should be revoked are given. It is alleged that it was granted in direct violation of the law of the State, in that the bars, or places for the sale of liquor, will be in a community having less than 500 inhabitants residing within a half mile radius, and that the license was fraudulently secured by means of false evidence concerning the number of inhabitants. It is also asserted that the applicants did not state whether it is a domestic or foreign corporation, and that it failed to designate a specified house or other definite place in which to conduct the business.

Should those reasons be insufficient grounds for a restraining order, the complainant then contends that the conduct of a retail liquor business by the Fair Association would be an ultra vires act, in that, being a corporation, it can only do such things as are authorized under its charter and that nowhere in the charter is it given the authority to sell intoxicating liquor,or intimated that such was contemplated by the incorporators or that branch of the State government granting the charter.

The objects and purposes, the complaint states, on the contrary, show that the sale of intoxicating liquor would be directly in conflict with the aims of the fair association.

### DROWNS BABE; HANGS SELF.

**Bodies of Wife And Child Found by Monaca (Pa.) Man.**

Monaca, Pa., Sept. 23.—When Carl Hirsch, a glass cutter, entered his home yesterday for luncheon he discovered the dead body of his infant son in the bathtub and its mother, Mrs. Ida Hirsch, hanging to a beam in the cellar.

The woman had drowned the child and then committed suicide.

### DEATH FROM VACCINATION.

**Trenton Children Could not Let Scabs Alone.**

Trenton, N. J., Sept. 23.—Raymond F. Clee, 5 years old, and Catherine Flynn, 7 years, pupils in the public school of Morrisville, Pa., died of lockjaw in a hospital here yesterday as the result of picking the wounds on their arms after having been vaccinated.

The children were compelled to submit to vaccination at the opening of the school year this month under a Pennsylvania school law.

### DANGEROUS CATRIFLE.

**Warning to Parents to Disarm Children Who Use Such Playthings.**

Albert Green ,the colored boy, who shot Ben Clark, also a colored youth, yesterday afternoon on a "dump" in the northeastern section of the city, was brought before the Police Court this morning. The wound was inflicted by a catrifle, the ball from which struck Clark on the side of the head. Officer Reed who investigated the shooting found it was purely accidental, and it appearing to the court that no trouble had occurred between the boys. Green was dismissed.

Green said he was the owner of the dangerous plaything, but alleged that after the shooting the rifle had been carried away by somebody who was at the dump at the time of the shooting. He was told that he must find the weapon and turn it over to the police. Officer Reid will endeavor to secure it.

A few days ago a boy named Poss shot a companion named Laycock in the left eye with a catrifle. The ball is still in the child's eye and he will be compelled to undergo a delicate operation in a Washington Hospital. The boys reside in the First ward.

Occasionally boys are seen in the streets armed with catrifles. Several years ago a boy named Violett was shot with one of these dangerous contrivances by a youth named Nalls in the First ward.

While the police are endeavoring to eliminate this source of danger, parents should vie with them and see that their children are not allowed to divert themselves with catrifles.

### OIL IN BATH COUNTY.

**Discovered on a Farm Seven Miles From Millboro.**

On Mr. Thompson's farm, about 7 miles from Millboro, Bath county, it is thought valuable oil has been discovered. In digging a foundation for a house, oil appeared in the excavation. Mr. Thompson tried some of it in his lamps and found it burned all right. He sent some of it into Millboro to have it tested. All who smelt it saw at once that it was oil. For many years, it has been claimed that there was oil in this section of Bath. Only recently the manager of a large lumbering concern reported he found strong evidence of oil, the same as he had seen in Pennsylvania and West Virginia.

### WANTS MAINTAINANCE.

**Woman's Charges Against her Husband.**

Her inability to supply table luxuries on $16 a month is cited as the cause for alleged cruel treatment with which Mrs. Anna A. Orrison charges her husband, Harry A. Orrison, an employe of the Washington fire department, in a petition for maintenance filed yesterday in the Supreme Court of the District of Columbia.

The couple were married November 11, 1909, in Alexandria, and have two children. They lived together, the wife alleges, until June 14 last, when her husband, she asserts, told her "to get out of his house and stay out, as he was tired of seeing her around."

Orrison is said to receive $92 a month, but his wife declares that he would allow her only $16 a month, and continually "nagged" her because of her inability to purchase the fare that he desired. In July, Mr. Orrison alleges, her husband entered into an agreement to pay her $30 a month, but avers that he has failed to keep the agreement.

## FASHION WEEK IN RICHMOND

### All Records Are Broken by Gatherings on Broad Street.

### A DAZZLING DISPLAY.

**Throng Estimated at Fifty Thousand —Street Car Traffic Blocked— Dangerous Jam.**

Richmond, Sept. 23.—Breaking all Christmas Eve and holiday records, a crowd, estimated at 20,000, jammed its way into every available foot of space on Broad street from Eleventh to Adams last night, overflowing in to the roadway and blocking car traffic for half an hour. The Police Department admitted that there had never been anything like it in the principal shopping thoroughfare before. While the multitude turned out to see the gorgeous window displays of Fashion Week, the congestion was so dense that only a handful got near enough to look in the windows. There was constant danger of injury in the crush, and after struggling for standing room and air, the people finally cut into side streets and started homeward.

So far as any crowd can be, it was free from rowdyism. But it was such a crowd as rendered the controlling efforts of the police futile. Led by Major Werner, the reserves battled vallantly to thin out congested areas, and, finally in sheer desperation, drove people from the sidewalks. The sight-seeing throng was good-natured and orderly, but anxious to see and to move, and at times there were small stampedes at Fifth, Sixth and Seventh streets. Several women fainted. Arrests were few, although the chief's strong-arm squad was quick to descend upon men disposed to push.

The outpouring so vastly exceeded all expectations that from the viewpoint of the Retail Merchants' Association the affair was a tremendous success, even though the window exhibits could not be examined. The prospect of seeing other people and being seen, attracted thousands on the fine fall night. The vast bulk came afoot, but all available automobiles were pressed into service and men were hanging on the steps of the street cars. Att 8:10 o'clock, when the congestion was at its worst, street cars and automobiles were hemmed in by pedestrians who had been forced from the sidewalks and swept out in a wave across the car tracks

## PRESIDENT WILL VISIT RICHMOND

### Has Conference With Senator Swanson Concerning Invitation.

### WILL FIX THE DATE.

**Intimates He Will Speak on The Currency Question—Inquires About City's Facilities.**

Richmond, Va., Sept. 23.—By suggesting the subject upon which he desires to deliver an address to the people of Virginia, President Wilson indicated yesterday that he would accept the invitation extended him to attend the Virginia State Fair in October. Senator Swanson, who yesterday talked with the President relative to the acceptance of the invitation, notified members of the Richmond committee that President Wilson asked questions which tend to show that he is coming to Richmond, and it is probable that he will today announce the date upon which he will visit the fair.

The President, it is stated, said that he would like to talk on the currency question, and wanted to know what facilities were afforded here for an address to be delivered indoors. The question of the date and train service were discussed with Senator Swanson by President Wilson and Senator Martin was authorized to inform President that a special train would be provided, which would leave Washington at his convenience, and that the return trip would be made at his pleasure. One of the three days, Thursday, Friday or Saturday, October 9, 10, 11, were indicated as the best time for the President to come to the fair.

Every assurance was given the President that a suitable place would be provided where he could deliver an address without unnecessary exposure to the elements. The details as to securing a building with adequate seating capacity, will be arranged as soon as definite word is received that the invitation has been accepted.

### LAKE UNDER PHILADELPHIA.

**Engineers Say Quicksand May Ingulf Skyscrapers Any Time.**

Philadelphia, Pa., Sept. 23.—Engineers in charge of the excavations for the foundations of the addition to the Ritez-Carlton Hotel at Broad and Walnut street, asserted that central Philadelphia, with its skyscrapers is resting on a floating island and may at any moment be ingulfed in quicksand.

Forty-five feet below the street level workmen poked their picks through the shell-like covering of an underground lake, the waters of which rise and fall with the movements of the tide. The engineers assert that far underground this "lost" water is ebbing and flowing just like that at the open seashore.

How high the water flows or how low it falls is difficult to figure, they say, for this subterranean flood which is surging backward and forward beneath Philadelphia, it not "free" water.

### GIRL ROBBED AND BOUND.

# NEWS OF THE OLD DOMINION.

## TO VISIT FREDERICKSBURG.

**Annual Reunion of Mosby's Men October 2nd.**

Richmond, Va., Sept. 23.—The annual reunion of Mosby's rangers, the famous guerilla command which has been a thorn in the side of the Union forces during the civil war, will be held at Fredericksburg October 2nd, and there is a good prospect for a large attendance of survivors, according to Colonel W. H. Chapman, commander of the camp. The reunion will occur at the time the Fredericksburg fair is on, and at the invitation of Maury Camp, Confederate Veterans, of Fredericksburg.

Colonel Chapman has made out a list of surviving officers of the Mosby command, which shows twenty out of more than forty field officers still living, a remarkable percentage of survivors fifty years after the war. The officers living are:

Col. John S. Mosby, Washington; Lieut-Col. Wm H. Chapman, Richmond; Maj. A. E. Richards, Louisville; Dr. W. L. Dunn, Glade Spring, Va.; Lieut. W. H. Mosby, Bedford City, Va.; Lieut. Samuel F. Chapman, Covington, Va.; Lieut. F. Beattie, Alexandria; Lieut. D. S. Briscoe, Baltimore; Capt. Peter Franklin, N. Y.; Lieut. W. Ben Palmer, Richmond; Lieut Jno. Puryear, Louisa County, Va.; Lieut. Frank Rahm, Richmond; Lieut. Jno. S. Russell, Berryville, Va.; Lieut. Channing M. Smith, Delaplane, Va.; Lieut. Edward F. Thompson, Clarendon, Va.; Capt. Robt. S.Walker,Orange; Lieut. Frank Williams, Varina, Va.; Lieut. James E. Wiltshire, Baltimore, Lieut. Albert Wrenn, Washington; Lieut. Chas. C. Crogan, Baltimore.

Colonel Chapman is in receipt of a letter from Dr. Lawrence Wilson, a medical examiner of the Government Pension Bureau, and an honorary member of the Mosby Camp of Confederate Veterans, by unanimous election. He was, during the strenuous days of '61-'64 lined up with the enemy in the Seventh Ohio regiment, but since the war has become endeared to the hearts of his former antagonists and is held in great esteem by the famous ranger survivors. Dr. Lawrence wrote to ask the date of the reunion, announcing his determination to be there.

## RUNAWAY GIRLS FOUND.

**Mary Johnson And Cora Childress Arrested When Latter Calls For Mail.**

Richmond, Sept. 23.—Two Richmond girls, who ran away from their homes in this city several days ago, were arrested in Cincinnati yesterday, according to a telegram received by the Richmond police during the afternoon. The girls are Mary Agnes Johnson, sixteen years old, of 509 Poe street, Barton Heights, and Cora Childress, aged fifteen, of 513 North Twelfth street. The police have advised the Cincinnati police that the families of the girls have been notified and that further advices will be wired today.

The girls disappeared from home about the same time. Whether they left Richmond together is not known, but belief is that they did and that they went to Cincinnati together.

The arrest in Cincinnati was made at the request of the Richmond police and came about through the mailing from this city of a decoy letter.

The Childress girl tired soon of the Ohio city and a few days ago wrote her mother asking that transportation be sent her so she could come home. Expecting a letter from home the girl, accompanied by Miss Johnson, went to the general delivery window in the Cincinnati postoffice yesterday afternoon.

The Cincinnati police, who had been watching the general delivery window placed both under arrest when the Childress girl called for mail and received the decoy letter.

Both girls are attractive and both dress well, but they are said to be incorrigible.

## CELEBRATION PLANNED.

**Citizens of Yorktown Will Hold Exercises Commemorating Washington's Victory.**

The 132d anniversary of the surrender to General George Washington of Lord Cornwallis, commander of the British forces, marking the end of the Revolutionary War will be celebrated at Yorktown, Va., October 21.

The preparations for the reception of the crowds that are expected to make the journey to the Virginia town in commemoration of the real birth of the United States of America are well under way. There will be a program of many notable speakers. Nine hundred soldiers from Fort Monroe will attend, and there will be a military and naval review.

The celebrations of the anniversary of the surrender have always drawn large crowds. Yorktown has broken into the histories twice as the scene of notable sieges, that of 1781 and 1862. Across the River York there is Gloucester, where a King was born and a President died, and where John Smith escaped death through the intercession of the Indian maiden, Pocahontas. Nearby is Jamestown, where the fathers of the country made their first homes.

Yorktown claims the distinction of being the first commercial port of this country, and the first customhouse, where the first luxuries from England were landed. Phiadelphia and Baltimore were villages at that time. There also is the old Nelson mansion, which still bears the marks of the Revolution. There is the Moore house, where the capitulation for the surrender of Cornwallis was signed by the commissioners of the two armies. The Temple farm was the scene of the battle of Yorktown.

**HELPLESS AS BABY**

**Down in Mind Unable to Work, and What Helped Her.**

Summit Point, W. Va.—Mrs. Anna Belle Emey, of this place, says: "I suffered for 15 years with an awful pain in my right side, caused from womanly trouble, and doctored lots for it, but without success. I suffered so very much, that I became down in mind, and as helpless as a baby. I was in the worst kind of shape. Was unable to do any work.

I began taking Cardui, the woman's tonic, and got relief from the very first dose. By the time I had taken 12 bottles, my health was completely restored. I am now 48 years years old, but feel as good as I did when only 16.

Cardui certainly saved me from losing my mind, and I feel it my duty to speak in its favor. I wish I had some power over poor, suffering women, and could make them know the good it would do them."

If you suffer from any of the ailments peculiar to women, it will certainly be worth your while to give Cardui a trial. It has been helping weak women for more than 50 years, and will help you, too.

Try Cardui. Your druggist sells it.

## FINANCIAL CONDITION OF ALEXANDRIA.

To all acquainted with the financial responsibilities and resources of Alexandria the statement made elsewhere to the effect that a temporary loan of $50,000 will be necessary to meet expenses of the present fiscal year will not prove alarming. In fact it was known this would be inevitable at the beginning of the year in order to meet the extraordinary outlays made necessary by the public improvements which had been started by the city.

While the more conservative element may see strength to their oft-repeated argument that a city, as an individual, should not incur obligations beyond its revenue, it may be stated that Alexandria is probably one of the few cities in the union which is engaged in new street and sewer work without having recourse to bond issues.

Our city has by no means exhausted its resources, as, according to law, it could borrow at least one hundred thousand dollars more if it was deemed advisable.

The temporary loan which will be negotiated in order to meet general expenses until the first of next June is nothing to cause uneasiness even to the most timid.

Of course, the city had intended when the revenue bills were being prepared last spring to rest upon its oars for a short time and not to embark in additional street improvements until the city shall have found itself in a position to resume the same on a satisfactory basis. That the interval in the good work will be short is apparent should no unforeseen impediments arise.

The city during the past five years has expended a quarter of a million dollars in modernizing its streets. Some of its thoroughfares are as fine as any in the world, and are the cause of honest pride to all Alexandrians.

This great sum has not been expended in wildcat enterprises, or schemes that have disappointed, but as was the case three score years ago, when our forefathers piled up a tremendous debt by subscribing to stock in everything that came along and letting the next generation to foot the bill. We have the public improvements for our outlay.

While the city was delivered to us by our forefathers with a few cobblestone streets, the present generation will leave old Alexandria in a much better condition than they found it.

At the close of the civil war this city was in debt over one million dollars. Many of the people had returned home with about all they owned upon their backs. They went to work with a will, gradually reduced their liabilities and in succeeding years introduced a sewer system and the best of modern paving, modernized their gas plant and expended large sums in public schools. The work is not to stop, but will go on slowly but surely until most of our thoroughfares shall have been beautified and permanently improved and our school property among the best in the state.

## FLUNG OFF BRIDGE BY AUTO.

### Workman Terribly Injured by Falling 30 Feet Upon Rocks.

Philadelphia, Pa., Sept. 23.—Hurled by a speeding auto 30 feet over a stone bridge into the rocky bed or a stream, William Phillips, 60 years old, of No. 5747 Westminster avenue, was found Sunday evening unconscious and terribly injured by the side of the Hatboro pike, two miles from Willow Grove. How long he had lain in the mud and stones is not known, for the motorist did not stop to assist the victim.

After the injured man had been discovered by farmers in the neighborhood he was removed to St. Luke's Hospital in the ambulance. His injuries include a complete fracture of both legs above the ankles, probable fracture of the skull, lacerated scalp and body and serious bruises. His face is badly cut and both eyes were closed by the fall.

Rallying occasionally from his stupor, the injured man gave a fragmentary account of the accident. He declared he is a carpenter, but that, failing to find work in the city, he had been working in the potato fields of a farmer near Willow Grove. It is believed he was on his way home to the city when struck by the automobile. He was hurled from the road over the abutment of a stone bridge on which he was walking, and thrown to the bed of a stream 30 feet from the bridge.

## PRDIGIOUS ARKANSAS YOUTH.

### Boy Weighing 673 Pounds Goes to Roanoke Fair.

Roanoke, Va., Sept. 23.—Harry Everett, 18 years old, who weighs 673 pounds, probably the biggest boy in the United States, has arrived here to attend the Roanoke Fair.

The "boy" is reported to have created a sensation in Hagerstown, Md., Saturday when he stopped here, between trains.

Everett measures three feet across the back. The goods used in one of his trousers legs would make a full suit for a small man. He started out to do some shopping but was unsuccessful, as he was hard to fit with clothes, shoes and stockings.

One of the stores was too small for him to enter the front door with face to the front, but he managed to squeee in sideways. Everett came from Arkansas. He took several days in making the trip to this city, preferring to stop at as many places as possible.

## DIES OF LOCKJAW.

### Result of Stepping on Glass Bottle While Wading in Creek.

Hampton, Va., Sept. 23.—Ray E. Copeland, formerly a member of the Phoebus Council and the assistant cashier of the Bank of Phoebus and a widely known man on the lower peninsula, died Sunday afternoon of lockjaw. The death of Mr. Copeland came as a great surprise to his friends, but his family an dphysician had little hopes of his recovery.

A few weeks ago during a heavy storm Mr .Copeland, who resides on Virginia avenue, went out wading into Mill creek to look after hik boat. He stepped on a glass bottle and cut his foot severely. The wound was attended to at the time, but it was not thought to be serious.

Just a few days ago lockjaw developed and Dr. George K. Vanderslice was called. The physician did everything he could for the ill man, but death came with little warning.

## CHILDREN DROWN.

### Storm Sweeps Them Into Lams Creek And Grief Are Lost in Gale.

Hampton, Va., Sept. 23.—Two little children, a boy and girl, brother and sister, were drowned late Sunday afternoon in Lams Creek just in front of their home.

The victims were McKenny and Violet Phillips children of Mr. and Mrs. Thomas Phillips, Jr., of Poquoson, York county, not far from here. The tragedy was enacted during the terrific storm that swept this section Sunday, when the two children were believed to be safe in the house.

The Opportunity
The TEMPLE School
—OF—
Shorthand & Typewriting

lays particular stress upon the fact that the success of a pupil depends upon the co-operation of three parties—the pupil, the teacher and the parent. Mrs. Caroline B. Stephens, the principal of the Temple School, emphasizes the fact that there is nothing more easily slighted than teaching. The pupil is not in a position to realize that he is not being properly taught. His parents very often discover it when months and in some cases, an entire year has been wasted. The parent should make it his duty to carefully select a school. Inquiries should be made to find the standing of the school in the business world, for every business school earns its reputation through the work of its individual pupils. Once a pupil is entered in a school, it is the duty of the parents to see that the pupil attends the school regularly, and that the work assigned to be done at home is prepared.

The Temple School gives its pupils the opportunity to obtain a thorough business training.

### SEIZE MISSION SCHOOL.

**Part of Campaign to Terrorize Albanians.**

Vienna, Austria, Sept. 23.—The Greek authorities at Koritsa in Albania, yesterday seized the American mission schools there, where instruction is given to nearly 100 Albanian girls. The information reached here in a telegram from Avlona, the principal seaport of Albania on the Adriatic Sea.

The Greeks have also arrested and persecuted a large number of Albanians who recently returned to Koritsa from America and other foreign countries, releasing them from detention only when the Albanians promised to join in the agitation for the incorporation of the district in Greece.

The British consul at Monastair has entered a vigorous protest with the Greek government on behalf of the Americans.

The whole affair forms part of the Greek terrorization of the Albanian population with the object of compelling them to agree to the inclusion of the whole of Southern Albania in the kingdom of Greece.

Last week Greek officials at Koritsa endeavored to take forcible possession of the American mission school building, but the housekeeper in charge refused to hand over the keys. The Greek soldiers beat her mercilessly and then carried her off to prison. The mission is in charge of Phineas B. Kennedy, a native of New Jersey and a Princeton graduate. Mrs. Violet B. Kennedy conducts the ladies auxiliary society, whose object is to give the elements of education to the women of Albania.

### Filed for Limited Divorce.

Mrs. Ethel V. Lanston has filed in the Supreme Court of the District of Columbia a suit for a limited divorce from Aubrey Lanston, son of the late Talbert Lanston, the millionaire inventor of the monotype printing machine. The plaintiff bases her action upon alleged misconduct of her husband with a pretty Belgian girl, whom he is said to have met in the course of his recent travels with his family. In her petition, Mrs. Lanston not only asserts that her husband made no effort to conceal his misconduct from her, but went so far, she says, as to endeavor to justify himself by informing her that "such relationships are deemed free from moral objection among many European people."

### WAVE OF CRIME IN ALABAMA.

**Six Dead And Seventh Dying in Jefferson County.**

Birmingham, Ala., Sept. 23.—Six persons are dead and a seventh is dying at an infirmary here as a result of a wave of crime in Jefferson county Sunday.

Henry Moran was killed as he stepped from a trolley car in the country, by two negroes, who escaped after robbing the body.

Macon Colquit killed his wife and surrendered to the police, and Mounted Policeman Sorrell killed Dave Evans, negro, after the latter had shot at him.

Two negroes were stabbed to death and another was struck over the head with an axe by an unidentified assailant. He will die. A negro woman died of poisoning and the police suspect she was murdered.

### AIRMAN FLIES HEAD DOWN.

**Pegoud, French Aviator, Shows New and Daring Feat.**

Versailles, Cept. 23.— The French aviator Pegoud, who recently made an upside down flight at Juvissy and repeated the performance at Bue, accomplished Sunday another daring feat in his self-imposed task of proving the stability of the aeroplane. After mounting to a great height, Pegoud dipped the left wing and his machine slowly turned over on its side. The aviator flew for some seconds head downward. He then gained the upright position by gracefully looping the loop.

Pegoud's hazardous flight was watched with breathless interest by great crowds.

**Nobody Knows How Good I feel. Corns Are Gone at Last. "Gets It' "Did It.**

you've tried so long to get rid of is a "goner." You apply "GETS-IT" in 2 second's that's all. "GETS-IT" does the rest. There's no more fussing, no more bandages to fix, no more salves to turn the flesh red and raw. No more plasters to get misplaced and press on the corn. No more "pullin", no more pain, no more picking and gouging, no more razors.

"GETS-IT" stops pain, shrivels up the corn, and the corn vanishes. 'GETS-IT" never fails, is harmless to healthy flesh. Warts, calluses and bunions disappear.

### HARRY THAW CASE.

**Suspects New Jerome Move at His Hearing in Concord Today.**

Concord, N. H., Sept. 23.—Counsel for Harry K. Thaw held long conferences early today preparing for some new move on the part of William Travers Jerome. The lawyers are convinced that Mr. Jerome has some sensation in reserve and his long silence is worrying them.

They have been informed that the Duchess county grand jury refused to indict Thaw on a conspiracy charge, but they fear that a secret indictment has been found on some other charge.

Indeed, they still have some apprehension that when Mr. Jerome appears he will produce a conspiracy indictment secretly returned by the Duchess county grand jury.

If Mr. Jerome presses the charge of conspiracy there should be no reason for the extradition hearing today. If he seeks to extradite on another charge new papers must be filed and a date must be set for another hearing. Thaw's lawyers frankly admit that Mr. Jerome had them guessing.

Governor Felker is in Concord for the hearing at 11 o'clock this morning. He said as a usual thing extradition was a simple matter.

Governor Felker ordered that only lawyers and correspondents be admitted to the hearing, saying it would be dangerous to open the State House to the throng only curious to see the fugitive.

### MAY DIE FROM INITIATION.

**Man Alleged to Have Been Injured at Owl's Ceremony.**

Elkins, W. Va., Sept. 23.— Lee Phares, a merchant at Valley Bend, is at a local hotel suffering from probably fatal injuries inflicted, it is alleged, while being initiated into the Nest of Owls, of Mill Creek. Phares was hurried to the hospital when the seriousness of his wounds was discovered, and his condition is declared critical.

Members of the degree team, it is alleged, placed Phares in a stooping posture at a climax in the initiation and applied a "spanker" with vigor. The instrument, it is alleged, contained a heavily charged dynamite cap, which exploded, inflicting a severe wound on the candidate.

### Jumps From Bridge.

Joseph P. Murphy, twenty-one years old, who desires to be known as "Dare-Devil Murphy, jumped from the Brooklyn Bridge yesterday afternoon while the bridge was crowded with thousands walking over from Brooklyn to view the body of Mayor Gaynor. Murphy recently asked a moving picture company for a job as high diver and all-around dare-devil and he says he jumped from the bridge to show the company it was making a mistake in turning down his application. For the first forty or fifty feet Murphy went down straight as a plummet. Then he made three complete somersaults. Those who saw the whirling body believed he would be killed by striking the water, but fortunately he struck it with his hands and the shock was broken. Reappearing at the surface, he swam forty yards and was picked up by friends waiting in a boat.

**Friends Expected Her to Die.**

"I sincerely believe my life was saved in the Fall of 1910 by using Chamberlain's Colic, Cholera and Diarrhoea remedy," writes Mrs. Agnes Booth, Tonowanda, N. Y. "I was taken with diarrhoea followed by an attack of acute indigestion. Power of the pen fails to portray the agonies I endured. My friends expected me to die as I had been unable to get relief for so long a time. This remedy went directly to the seat of the trouble and cured me in a few hours' time." For sale by all dealers.
